EDUCATION

New Horizon College Of
Engineering/BE(Artificial Intelligence
And Machine Learning)
2021-2025
University: Visvesvaraya Technological
University
CGPA: 9.46 (till 5th semester)

Narayana Junior
College/Intermediate(M.P.C),Nellore
Board: Andhra Pradesh Board Of
Intermediate Education (APBIE)
Percentage:94.9%

Narayana E.M. High School, Nellore
Board: Board of Secondary Education Of
Andhra Pradesh(BSEAP)
GPA:10.0

TECHNICAL SKILLS

- Python
- Java
- Power BI
- SQL

ABOUT ME

I am a well-organised, proactive student with a great work ethic and outstanding communication abilities. I am able to work well both in a team environment and using my own initiative. I am eager to learn new skills and expand my knowledge and proficiency in the technical field.

PROJECTS

- Vehicle Recognition and Counting System
The Objective of the project is to accurately detect and count the number of vehicles passing through a specific area in real-time or over a certain period of time .
- Real-time Vehicle Classification And Speed Detection Using Supervised Learning Algorithms
The Objective is to develop a model that can accurately recognize and classify different types of vehicles and accurately measure the speed of each vehicle in real-time video streams.

ACHIEVEMENTS

- State-Level Yoga Player
- Received 3rd Prize in the space settlement design contest issued by the NASA Ames Research Centre

CERTIFICATIONS

- Completed 3-week python program internship at New Horizon College Of Engineering
- Completed internship in Web Development at motion cut
- Attended Ethical Hacking Workshop during Quantum-X event conducted by NHCE
- Completed a course on Network Addressing and Troubleshooting by CISCO
- Participation in NEO Codeathon organised by AIML department(NHCE).

Declaration: I Hereby declare that the facts given above are genuine to the best of my knowledge and belief
